INCUBATOR**

Work, Socialize, **Grow!**

INCUBATOR PROFILE

Established in 2015, Cubic (PT KUBIKA SEJAHTERA INDONESIA) is an business incubator located in Bandung that nature Digital-based startups, SMEs, and Co-operative using **Business Highway** concept

Vision

The best Incubator for business in Indonesia

Mission

- Organize Incubator programs that focus on sustainable solutions & innovations.
- Become a hub for business with program synergy and collaboration with investors, government, companies, academics, meedia and the community.
- Manage profitable funding & growth capital for investors and businesses.

Purposes

- Implement continuous improvements in work with a focus on results and measurable innovations (S.M.A.R.T.) on an ongoing basis, considering financial strategies.
- Proactively build business connections with stakeholders, mapping, engaging, and maintaining a network, thus making networking a method for measurable and sustainable growth.
- Start with local expansion and then build business expansion to the national level with a focus on measurable results. The key to CUBIC's success and the core motive of CUBIC's work is growing together. #GROW
